

Evaluation letter from the Young Generation in Action

This letter serves to share our experience as a partner organization in the project Green Plan to Plant that took place from the 29th of June until 7th of August of 2024 in Patras, Greece. Thanks to our cooperative partners from ACPELIA, Cyprus and INSTITOUTO POLITISMOU LAOGRAFIAS ATHLITISMOU KAI NEON TEHNOLOGION, Greece, we were able to send a group of 10 people, 8 students and 2 teachers from a Bulgarian high school in Shumen, Bulgaria to learn green practices, environmental policies and potential future threats to the world's population in connection to greenlands.

Overall, the GREPLA-PLA project was a success, showcasing excellent organization and execution. It not only equipped participants with valuable skills and knowledge but also made a significant impact on advancing digital development and fostering a green mindset among the group. The project promoted a culture of reuse and repurposing rather than disposable consumerism, aligning with the main goals of the project plan.

Dear participants, we are so happy that you got the chance to take a glimpse at the intercultural environment first hand, you got to meet all these new and fascinating friends from all around Europe, while enjoying the company of your team leaders - Andrea and Ventsislav. That has most certainly improved your communication and cooperation skills, your abilities to listen and transfer information, your readiness to participate in all sorts of tasks in real life. Therefore, Ivan, Katerina, Margarita, Martin, Mira, Ralitsa, Yoana and Tsveta, we thank you and we wish you lots of luck on your way ahead in Erasmus+!

We wish to express our gratitude towards the organizers, the trainers and facilitators, who put in the effort to present the information in a fun and interactive, yet clear and respectable tone. Thank you for giving all participants the fair treatment by being inclusive and accepting of their differences, variety of interests and ideas.

Done in: Varna, Bulgaria [31st August 2024]

Dani Torimatsov President of
NGO Young Generation in Action
